

On the Job Training...

A product designed to assist companies with the cost of training eligible new hires and for new employees to receive the training they need to gain skills while earning a paycheck.

*Paperwork is minimal
and the process is simple*

- Hire who you want
- Train them to your standards
- Retain your skilled employee

*Learning & Earning
"On the Job"*

... A Simple Process

- ✓ Company fills out and submits Employer Checklist and On-the-Job Training Agreement
- ✓ Job descriptions for positions that will utilize On-the-Job Training funds are submitted.
- ✓ Your hiring process proceeds as usual

If your new employee is determined eligible, a training plan is created (your standards) and we reimburse you a percentage of their wages during training.

Then, if you retain them 90 days after training is complete, we reimburse you again a percentage of their wages.

**Total payout possible:
\$6,000 per eligible employee.**

Even if you are not currently hiring, you can get pre-qualified, so that when you are hiring, you will be ready to go.
